

Safe Church Training

Episcopal Charities strongly recommends that all staff and volunteers who work with outreach programs attend training on sexual misconduct awareness and prevention. The Episcopal Diocese of New York offers Safe Church Training using the Safeguarding Training Series published by the Church Pension Fund. A free online training course is available, and the diocese regularly conducts low-cost in-person workshops.

Additionally, Episcopal Charities requires all grantees to submit a copy of program policies related to sexual misconduct and sexual abuse prevention. If the program follows policies of the Episcopal Diocese of New York as outlined in the document “Sexual Misconduct in the Church: What are the Rules and How it is Handled” (available at ec-ny.org/how-we-help/safechurch) please indicate by checking the box below.

We follow the policies of the Episcopal Diocese of New York.

We follow the policies developed and adopted by our program or sponsoring parish. **A copy is included with this application.**
